2023-11-01 14:30:00

Account profile updated

The user successfully updated their contact information and changed their primary email address.

Notes

User initiated change from settings page. New email confirmed via verification link. This is a longer note to demonstrate the expandability and potential scrolling within the note section, showing how the UI handles extensive content gracefully. It ensures that critical information remains accessible without cluttering the initial view.
